# LONDON **STRENGTHENING NEIGHBOURHOODS STRATEGY**

2010-2014

### THE HEART AND ESSENCE OF EVERY CITY AND COMMUNITY ARE ITS NEIGHBOURHOODS.

In November 2008, residents who felt passionately about London and making their neighbourhoods great places to live, work and play, responded to an open invitation to form a Resident Task Force. Over an 11 month period, 100 residents from 27 neighbourhoods developed London's Strengthening Neighbourhoods Strategy (LSNS) and 5 Year Implementation Plan: a road map that contains the collective ideas of a group of London's residents for creating the best city they can imagine.

This document highlights some of the 5 Year LSNS Strategy successes:
